[Biography]

Kawamura, Executive with over 20 years of experience, currently responsible for technical rolls of entire Rococo. He started Agile SCRUM since 2006 and started 100% Lean Agile delivery since 2009

He certified enterprise architect TOGAF 8 since 2005, He got Certification of The Open Group S/MIME Secure Messaging in 2005. He worked for the translation of IT4IT for the Japanese version. He joined O-DA2 as Enterprise Agile part in 2018, then he started O-DA2.01 security chapter.

[My interest in the Vice-Chair of the Assured Dependability Work Group]

I joined O-DA2 in 2018 and at that time, I was primarily responsible for Enterprise Agile O-DA2. I have been advising on how to ensure Dependability in Agile Way. Now, I am in charge of the Security Chapter since O-DA2.01, I want to lead O-DA2 align with TOGAF® as Vice-Chare, so that security part of O-DA2 also aligned with TOGAF®.
